Parkdale Tennis Club, Chicago, from experience advises all young girls who have pains and sickness peculiar to their sex to use Lydia E. Pinkham's Vegetable Compound.

How many beautiful young girls develop into worn, listless and hopeless women simply because sufficient attention has not been paid to their physical development? No woman is exempt from physical weakness and periodic pain, and young girls just budding into womanhood should be carefully guided physically as well as morally.

If you know of any young lady who is sick and needs motherly advice, ask her to write to Mrs. Pinkham at Lynn, Mass., who will give her advice free, from a source of knowledge which is unequalled in the country. Do not hesitate about stating details which one may not like to talk about, and which are essential for a full understanding of the case.

Miss Hannah E. Mershon, Collings-

wood, N. J., says: "I thought I would write and tell you that, by following your kind advice, I feel like a new person. I was always thin and delicate, and so weak that I could hardly do anything.

Menstruation was irregular. "I tried a bottle of your Vegetable Com-pound and began to feel better right away. I con-tinued its use, and am now well and strong, and menstruate regularly. I cannot say enough for what your medicine did for me."

How Mrs. Pinkham Helped Fannie Kumpe.

"DEAR MRS. PINKHAM: I feel it is my duty to write and tell you of the benefit I have derived from your advice and the use of Lydia E. Pinkham's Vegetable Compound. The pains in my back and womb have all left me, and my menstrual trouble is corrected. I am very thankful for the good advice you gave me, and I shall recommend your medicine to all who suffer from female weakness."—MISS FANNIE KUMPE, 1922 Chester St., Little Rock, Ark. (Dec. 16, 1900).

Lydia E. Pinkham's Vegetable Compound will cure any woman in the land who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability, nervous prostration and all forms of woman's special ills.
